VESSEL CAPACITIES	
Oil Production:	100,000 BOPD
Gas Production:	650 MMSCFPD
Water Production	95,000 BWPD
Water Injection:	95,000 BWPD
Risers:	38 Flexibles
Accommodation:	120 persons
Station Keeping:	16 point chain-wire-chain system

MAIN PARTICULARS		
Length over all:	121.6 m	399.0 ft
Width over all:	95.3 m	312.7 ft
Length of pontoons:	84.5 m	277.2 ft
Height to Upper Deck:	48.0 m	157.5 ft
Topside Load:	25,200 tonnes	27,779 kips
Light Unit Weight:	29,600 tonnes	32,630 kips
Displacement:	52,600 tonnes	57,984 kips
Draught:	21.0 m	68.9 ft
Air gap in survival:	18.5 m	60.7 ft
